ExactRail's all-new "scale" body mounted draft box on the N-Scale Trinity TRINCoal 64 Reefer

Reintroducing N-scale

We have adopted a new set of standards for all of our N-scale models; we believe that we can offer something better.

We're excited to introduce an all-new "scale" body mounted draft box which is better than anything we know. This innovation is exclusive to ExactRail and will be available on all of our N-scale models going forward.
