BNSF (EP-80508) | \$32.95

Precision micro tooled

One cool customer.

Beginning in 1977, PC&F released a heavily insulated box car with internal, air-bag loading devices and 20" travel, sliding-sill underframe. These cars affectionately became known as "Beer Cars" for the refreshing cargo that they frequently carried.

Refresh your rolling stock with ExactRail's PC&F Beer Car.

Custom Weathered

ExactRail's "weathered" Missouri Pacific PC&F Beer Cars represent the sun faded freight car of real railroad service.
