Chilled & Delivered Fresh

From the Leader in Precision Micro-Tooling[™]

ExactRail is proud to offer the Trinity 64' TRINCool reefer in two of its unique variations! With unmatched detail, each TRINCool Reefer is chilled and delivered fresh.

- Precision micro-tooled and engineered in the U.S.
- ExactRail's equalized 100-ton trucks and CNC-machined metal wheel sets
- Etched metal detail, including A-end reefer platform, crossover walk, handrail chain and fuel tank detail
- ExactRail's exclusive separately applied door tracks!
- Fine scale detail: coupler cut lever, air hoses, release rod, door bars, wire grabs and underbody rigging!
- Narrow-style draft box, featuring: shank wedges, striker casting and full nut and bolt detail
- Razor sharp painting and printing
